## HKS will perform young human resources development by participating in Dirt Trial Races

---

HKS Co., Ltd. participated in the JAF CUP ALL JAPAN DIRT TRIAL JMRC ALL-STAR DIRT TRIAL in Kanto 2022 with the aim of developing young human resources through motorsport activities and utilizing technical feedback in our products.

*Participating vehicle based on Lancer Evolution X*

HKS Co., Ltd. has been active in various activities such as touring car championships, drag races, drift, and circuit time attacks based on product development, manufacture, and sale for the automotive aftermarket.

By participating in a new competition called dirt trial this time, we will connect it to development and mechanic human resource development and further technical feedback to our products.
